

Green and Black Urban Scooter

This is a two-wheeled motor vehicle with a step-through frame and platform. The scooter features a green and black color scheme, with silver wheels and exhaust.

Overview

Urban Mobility Solution

This urban scooter is designed for efficient and stylish city transportation. Featuring a distinctive green and black color scheme with silver accents, it offers a practical step-through frame and a comfortable platform for the rider's feet. Equipped with essential safety features like a single headlight and rearview mirrors, it is an ideal choice for a single rider navigating urban environments.
