Overview

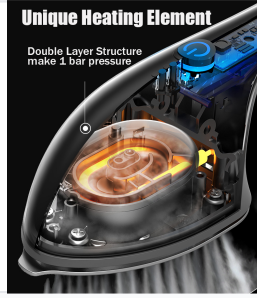

Compact design optimized for wardrobe garment care.

Versatile 3-in-1 Fabric Care

This portable handheld garment steamer offers a 3-in-1 design capable of acting as a steam brush, hanging steamer, and flat iron. Engineered with a unique heating element, it achieves 1 bar of steam pressure to efficiently remove wrinkles from most fiber types. Featuring a 30-second rapid heat-up time and an auto-safety shut-off, this device is designed for both home and travel convenience.

Performance

Advanced double-layer structure generating 1 bar of steam pressure.
