

Handheld Pressurized Steam Cleaner

This portable steam cleaner is designed for versatile cleaning tasks around the home. It uses pressurized steam to effectively remove dirt, grease, and stains without the need for harsh chemicals.

Product Overview

Professional Portable Steam Cleaning

The SCM-101A is a versatile handheld steam cleaner designed for efficient deep cleaning without the use of harsh chemicals. Utilizing high-pressure steam at 135°C, it effectively targets grease, dirt, and stains on various surfaces including upholstery, tiles, and grout. Its compact, lightweight design ensures ease of use and maneuverability, making it an essential tool for maintaining hygiene in residential and light commercial environments.

Performance Metrics

Key Performance Indicators

3.5 BAR

Steam Pressure

135 °C

Steam Temperature

28 G/MIN

Steam Flow

900 W

Power

Technical Specifications

Electrical Requirements	100-127V~, 220-240V~ (50Hz)
Water Tank Capacity	450 ML
Rated Water Capacity	150-270ML
Heating Time	5 MIN
Steam Availability	10 MIN
Fuse Switch Temperature	169 °C

Logistics & Packaging

Container Loading Capacity

Container Type	Quantity (PCS)	Quantity (CTNS)
20GP	1800	300
40GP	3660	610
40HQ	4272	712
