

HDMI 1x4 Splitter

The HDMI 1x4 Splitter enables a single HDMI source to connect to multiple HDMI displays. It easily splits one HDMI device's signal to four HDMI-compatible monitors or projectors and can regenerate the HDMI signal at the end of a long cable.

Product Overview

HDMI 1x4 Splitter Overview

The HDMI 1x4 Splitter is a versatile signal distribution device designed to take a single HDMI source and output it to four separate HDMI-compatible displays simultaneously. It is an ideal solution for applications such as digital signage, retail displays, home theaters, and professional presentations. Beyond splitting, the device can also be placed at the end of a long HDMI cable to effectively regenerate the signal, ensuring high-quality transmission.

Technical Specifications

HDMI Version	1.4a
Maximum Resolution	1920x1080/60Hz
Supported Formats	3D Video

Power & Connectivity

Power Supply

5 V DC
Voltage

Port Configuration

- 1 x HDMI Input
- 4 x HDMI Outputs
