## ADDITIONAL IMAGES

## Product Overview

### Professional Heated Towel Rail

This heated towel rail is designed to efficiently warm towels while enhancing the comfort of modern bathrooms. Constructed from high-quality mild steel, it features a patented welding process for superior structural integrity and reliable sealing. It is a highly versatile solution available in various dimensions and finishes to suit diverse installation needs.

## Technical Specifications

### Certifications

EN442 • ISO 9000 • ISO 14001 • SA8000

### Material Composition

Mild Steel (SPCC / Q195)

### Heating Compatibility

Central Hydronic Heating, Electric Heating

### Surface Finishes

Chrome Plating, Powder Coating

## Performance Data
