Overview

Rugged Agricultural Transport Solution

This heavy-duty agricultural tricycle is engineered for high-performance transport in demanding mountainous and hilly terrains. It features a robust chassis paired with a powerful diesel engine to ensure superior climbing ability and reliable material handling. Designed with operator comfort and efficiency in mind, it provides a stable platform for heavy loads while maintaining low fuel consumption.

Performance

Terrain Suitability

Mountainous • Hilly • Rough Terrain

Maximum Load Capacity

1920 kg

Engine Compatibility

1100 Diesel, 1105 Diesel

Cargo Bed

Side Wall Height

500 mm

Unloading System

Hydraulic tilting cargo bed

Technical Details

Transmission

Strengthened 8-gear gearbox

Cooling Type

High-efficiency water circulation

Mountain Tire Option

550-13
