

Heavy Duty Cast Iron Pipe Wrench

This pipe wrench is designed for gripping and turning pipes and fittings. It features a cast iron housing and a hardened alloy steel jaw for enhanced strength and durability.

Product Overview

Professional Grade Pipe Wrench

This heavy-duty pipe wrench is engineered for reliable performance in demanding plumbing, construction, and industrial environments. It features a rugged cast iron housing paired with a hardened alloy steel jaw to ensure superior gripping strength and durability. The adjustable jaw design allows for versatile operation across a wide range of pipe and fitting sizes, making it an essential tool for professional mechanical work.

Technical Specifications

Ideal Applications

- Plumbing systems
- Construction site piping
- Industrial fitting maintenance

Key Features

Heavy Duty • Adjustable Jaw • High Durability

Materials

Cast Iron Housing, Hardened Alloy Steel Jaw
