

Heavy-Duty Lighting Chain with Socket

This heavy-duty lighting chain is suitable for both outdoor and indoor use. It features a weather-resistant cable with a T-connector and an integrated socket for secure bulb attachment.

Product Overview

Heavy-Duty Lighting Solution

This heavy-duty lighting chain is engineered for both indoor and outdoor environments, featuring a robust VDE-certified H05RN-F rubber cable. Designed with an IP44 rating, it provides reliable weather resistance for patios, gardens, and event spaces. The extendable design and integrated T-connector allow for versatile, custom lighting arrangements to meet professional sourcing requirements.
