

Heavy-Duty Two-Wheel Wheelbarrow

This heavy-duty wheelbarrow is equipped with a robust steel frame and a durable plastic or metal tub. It features two pneumatic tires for enhanced stability and maneuverability on various terrains, making it ideal for transporting heavy loads.

Overview

Heavy-Duty Two-Wheel Wheelbarrow

This heavy-duty wheelbarrow is engineered for demanding tasks in gardening, landscaping, and construction environments. Featuring a robust steel frame and a durable tub, it is designed to transport heavy loads such as soil, gravel, and construction debris with ease. The dual pneumatic tire configuration ensures enhanced stability and maneuverability across various terrains, while the ergonomic handle design minimizes operator strain.

Design & Build

Frame Material	Robust Steel
Tub Material	Durable Plastic or Metal
Ergonomic Features	Yes

Performance

Wheel Type	Pneumatic
Number of Wheels	2

Applications

Suitable Materials

- Soil
- Gravel
- Construction Debris

Primary Applications	Gardening, Landscaping, Construction
