Overview

Built for Reliability and Performance

This heavy-duty wheel loader features a powerful WEICHAI engine and high-efficiency hydraulic transmission to handle demanding construction and material handling tasks with ease. Designed for the European market with an ergonomic, high-visibility cabin and intuitive joystick controls, it ensures operator comfort and precision. Its agile 38-degree turning angle and robust build quality make it an ideal choice for complex sites requiring both flexibility and power.

Technical Specifications

Rated Load	3000 kg
Bucket Capacity	1.8 cbm
Rated Power	92 kw
Operating Weight	9620 kg
Unloading Height	3200 mm
Turning Angle	38 degrees
Dimensions (L x W x H)	7200 x 2520 x 3300 mm

Key Features

Key Features

- Quick Hitch system
- Joystick control
- A/C for heating and cooling
- 3.5m extended arm
- Rear-view camera
- Suspension seat
