

Heavy-Duty Wheelbarrow with Pneumatic Tire

This wheelbarrow is designed for transporting materials such as soil, gravel, and concrete. It features a high-density polyethylene tub and a sturdy steel frame.

Product Overview

Professional Grade Material Transport

This heavy-duty wheelbarrow is engineered for demanding construction, landscaping, and gardening applications. Featuring a high-density polyethylene tub for superior impact resistance, the unit is supported by a rugged steel frame that ensures stability under heavy loads. Its design prioritizes user comfort with ergonomic handles, while a corrosion-resistant finish provides long-term protection against harsh outdoor environments.

Technical Specifications

Tub Material	High-density polyethylene
Frame Construction	Steel
Tire Type	Pneumatic
Finish	Corrosion-resistant

Applications

Suitable Materials

- Soil
- Gravel
- Concrete
- Debris

Primary Uses

Construction, Gardening, Landscaping, Material Transport

Features

Design Highlights

Impact Resistant • Ergonomic Handles • Rust Resistant • All-Terrain Maneuverability
