Overview

High-Efficiency Hermetically Sealed Compressor

This hermetically sealed refrigerator compressor is engineered for reliability and high performance in light commercial refrigeration systems. Optimized for use with R134a refrigerant, it delivers a consistent cooling capacity of 320W. Designed with durability in mind, the unit meets international safety and quality standards to ensure longevity and operational excellence in demanding environments.

Technical Specifications

Cooling Capacity

320 W

Cooling Capacity

Electrical Requirements

- 220V/50Hz
- 3/8HP

Model

QD128HG

Refrigerant

R134a

Certifications

Quality Certifications

CCC, CB, CE, ROHS
