Product Overview

High-Efficiency LED Corn Bulb

This high-efficiency LED corn bulb is designed as a professional-grade replacement for traditional HID lighting. Featuring a robust heat sink for optimal thermal management and a 360° rotatable design, it delivers uniform, bright illumination. It is engineered for versatile use in residential areas, stadiums, parks, and parking lots, and is specifically qualified for use in totally enclosed fixtures.

Performance

Rotation	360-degree rotatable
