Product Overview

High-Performance Stadium Lighting

This high-intensity LED sports field light is engineered for demanding outdoor applications where reliability and high efficacy are paramount. Featuring a modular design for simple maintenance and high-strength, corrosion-resistant construction, it provides a durable solution for stadiums, arenas, and large-scale sports facilities. With multiple beam angle options and high-efficiency output, this fixture ensures uniform light distribution across various venues.

Performance Metrics

Power Range

300 W

Minimum Power

1250 W

Maximum Power

Luminous Efficacy

150 Lm/w

Technical Specifications

IP Rating

IP66

Warranty

5 Years

Certifications

CE, RoHS, DLC, FCC, UL

Design & Features

Design Highlights

- Modular design for simple maintenance
- Convenient assembly and disassembly
- High-strength structure
- Corrosion-resistant polyester powder coating
- Multiple beam angle options

Applications

Primary Applications

Stadiums • Sports Fields • High Mast Lighting • Light Towers • Ports
