Product Overview

Reliable High-Intensity Illumination

This high-intensity pressure lantern is engineered for demanding outdoor environments where consistent and bright light is essential. Featuring a robust, polished metal construction with a durable blue enameled top, it is built to withstand rigorous use. The integrated pressure gauge and adjustable control valve allow users to precisely manage light output, making it an ideal choice for professional outdoor operations.

Technical Specifications

Operational Mechanism

- Pressurized fuel system
- Integrated manual pump
- Adjustable light output valve
- Mantle-based illumination

Key Features

Pressure Gauge • Outdoor Ready • Adjustable Intensity

Build Materials

Polished Metal, Enameled Steel, Clear Glass
