

High-Performance LED Work Light

This LED work light is designed for a variety of applications. It features durable construction and efficient LED technology for superior illumination.

Overview

High-Performance Illumination

This high-performance LED work light is engineered for demanding environments, offering reliable illumination for automotive, industrial, and outdoor applications. Built with durable construction and efficient LED technology, it ensures superior brightness and longevity. The unit is designed to withstand extreme temperatures and harsh conditions, making it a versatile lighting solution for professional use.

Technical Specifications

Power Rating	48 W
Input Voltage	12 V
Operating Temperature Range	-40°C to +80°C
LED Technology	CREE

Compliance & Warranty

Certifications	CE, FCC, ISO 9001, EMC, IP68
Warranty Period	18 months
