

High-Performance Pneumatic Spray Gun

This high-performance pneumatic spray gun is designed for automotive, industrial, and wood-working applications. It features adjustable fluid and air controls for precise application and minimal overspray.

Product Overview

High-Performance Pneumatic Spray Gun

This high-performance pneumatic spray gun is engineered for versatility across automotive, industrial, and woodworking applications. It utilizes a gravity-feed system to ensure efficient material usage and consistent spray patterns for professional-grade results. With adjustable fluid and air controls, operators can achieve precise application while minimizing overspray, making it suitable for a wide range of coatings including paints, lacquers, and varnishes.

Technical Specifications

Compatible Coatings

- Paints
- Lacquers
- Varnishes

Feed System

Gravity-feed

Suitable Applications

Automotive, Industrial, Woodworking

Performance Features

Adjustable Controls

Fluid Control • Air Control

Key Performance Indicators

1 High

Spray Consistency

1 Minimal

Overspray Level
