

High-Pressure Bicycle Floor Pump

This high-pressure bicycle floor pump is made with durable steel. It features a built-in pressure gauge and is compatible with both Presta and Schrader valves.

Overview

Professional High-Pressure Floor Pump

This high-pressure bicycle floor pump is engineered with a robust steel construction to ensure long-term durability in demanding environments. Designed for efficiency and precision, it includes an integrated pressure gauge to provide accurate inflation for a variety of cycling needs. The ergonomic handle and stable base work together to make the inflation process effortless for professional and enthusiast users alike.

Technical Specifications

Key Features

- Integrated pressure gauge
- Ergonomic handle design
- Stable wide base
- High-pressure output

Material Construction	Durable steel
Valve Compatibility	Presta, Schrader

Applications

Compatible Bicycles

- Road bikes
- Mountain bikes
- Standard bicycles
