Product Overview

High-Performance Floor Pump

This high-pressure bicycle floor pump is engineered for quick and efficient tire inflation, making it an essential tool for professional maintenance. Featuring a durable steel barrel construction and a stable base, it ensures reliable operation under pressure. The design includes an ergonomic handle for comfort and a universal valve head, making it compatible with both Presta and Schrader valves for versatile use.

Technical Specifications

Valve Compatibility

Presta • Schrader

Key Components

- Body Tube
- Internal Piston
- Piston Rod
- Ergonomic Handle
- Air Storage Chamber
- Flexible Connect Tube
- Inflation Clamp Mouth

Construction Materials

Durable Steel Barrel, Metal Construction
