

High-Pressure Bicycle Foot Pump with Gauge

This high-pressure foot pump is designed for easy and efficient inflation of bicycle tires. It features a durable construction with a stable base, ergonomic handle, and a built-in pressure gauge for accurate inflation.

Product Overview

High-Pressure Bicycle Foot Pump

This durable high-pressure foot pump is designed for efficient and reliable bicycle tire inflation. Featuring a stable base and an ergonomic handle, it ensures ease of use during operation. The integrated pressure gauge allows for accurate monitoring, helping to maintain optimal tire pressure for safety and performance.

Technical Specifications

Origin	China
Key Features	High Pressure, Built-in Gauge, Stable Base, Ergonomic Handle
Primary Application	Bicycle tire inflation
