Overview

Professional Cleaning Performance

This high-pressure cleaning washer is engineered for demanding industrial and commercial applications. Built with a durable copper crankshaft pump and a reliable induction motor, it ensures long-term operational stability and efficiency. The unit offers an expansive 14-meter working radius and convenient integrated storage for accessories, making it an ergonomic solution for high-intensity cleaning tasks.

Core Features

Key Features

- Durable copper crankshaft pump
- Low-speed motor for extended pump life
- Ergonomic design for high mobility
- Integrated tool and accessory storage
- 14-meter total working reach

Technical Specifications

Performance Comparison Table

Model	Power (W)	Working Pressure (bar)	Max Pressure (bar)	Flow (L/min)
APW-HM-0816	2200	90	135	15.5
APW-HM-1018	3000	110	165	20
APW-HM-1516	4000	165	247	15.5
APW-HM-2016	5500	220	330	15.5
APW-HM-2516	7500	275	412	15.5

Electrical Requirements

220V/50Hz, 380V/50Hz
