Overview

High-Pressure Drain Cleaning Solution

This high-pressure drain cleaning machine is engineered for professional-grade performance in pipes ranging from 50mm to 200mm. Powered by a robust 15HP gasoline engine, it delivers 3000 psi of pressure to clear stubborn blockages effectively and quickly. The system includes advanced features such as pulse technology to navigate tight bends and a foot pedal for enhanced operator safety during use.

Performance Metrics

Performance Capabilities

3000 psi

Working Pressure

25 lpm

Flow Rate

15 HP

Engine Power

Technical Specifications

Drain Size Capacity	50-200mm (2" to 8")
Maximum Pipe Length	60 M
Machine Weight	115 Kgs
Key Features	Pulse Technology, Removable Hose Reel, Foot Pedal Safety, Gasoline Powered

Included Accessories

Standard Kit Components

Component	Specification
Jet Hose	9.5mm x 60M
Propulsion Nozzle	30°
Penetrating Nozzle	15°
Cleaning Lance	Brass Turbo Nozzle
