Product Overview

High-Performance Fluid Transfer Solution

This high-pressure fluid transfer pump is engineered for demanding applications, featuring a robust aluminum construction for enhanced longevity. Designed for easy installation, it includes an extended interface that allows for one-handed setup. The unit comes pre-filled with 120ml of protective oil, ensuring it is ready for immediate use without additional maintenance.

Performance Metrics

Flow Rate

2.5 GPM
Flow Rating

Pressure Rating

3200 PSI

Compatibility & Installation

Shaft Compatibility

7/8" Vertical Crank

Installation Features

One-hand installation, Extended interface, Easy connection

Safety & Maintenance

Safety Features

- Low Pressure Detergent Injection
- Easy-starting Valve
- Thermal Release Valve
- Safety Valve
- Built-in safety filter

Pre-filled Oil	Yes
Oil Volume	120 ml

Construction

Body Material	High Quality Aluminum
