

# High-Pressure Gas Cylinder Storage Unit

This unit provides secure storage for high-pressure gas cylinders. It is available in two models with different cylinder capacities and dimensions.

## Product Overview

### Industrial Gas Cylinder Storage Solution

This high-pressure gas cylinder storage unit is designed for the secure and organized containment of industrial gas cylinders. It provides a robust protective enclosure that ensures safety and stability for high-volume storage requirements. Available in two distinct configurations, this solution is engineered to handle varying capacity needs for professional industrial environments.

## Technical Specifications

### Model Specifications

| Feature            | Model FJTW1                 | Model FJTW2                 |
|--------------------|-----------------------------|-----------------------------|
| Cylinder Capacity  | 18 pcs (60 L)               | 27 pcs (60 L)               |
| Total Volume       | 1440 L / 363 m <sup>3</sup> | 2160 L / 544 m <sup>3</sup> |
| Weight             | 2400 kg                     | 3600 kg                     |
| Dimensions (LxWxH) | 2320 x 1606 x 1340 mm       | 2210 x 1896 x 1600 mm       |

### Compatible Cylinder Diameter

∅279mm
