

High Pressure Gravity Feed Spray Gun

This high-pressure spray gun is designed for professional painting. It features a gravity-feed cup that ensures efficient material delivery and offers precise control.

Product Overview

Professional Performance

The R77-G is a high-pressure spray gun engineered for demanding professional painting applications. Featuring a gravity-feed system, it ensures efficient material delivery and precise control for a variety of coatings including paints, lacquers, and varnishes. Its durable construction is built to withstand rigorous work environments while the ergonomic design minimizes operator fatigue during extended use.
