

High-Speed Lockstitch Sewing Machine

AG6150

This high-speed lockstitch sewing machine is designed for sewing thin to moderate thickness fabrics, including cotton, wool, chemical fiber fabrics, and lightweight leather goods. It features an automatic lubricating system and oil volume valve.

Product Overview

High-Speed Lockstitch Sewing Machine

The AG6150 is a high-speed lockstitch sewing machine engineered for precision on thin to moderate thickness fabrics, including cotton, wool, chemical fiber, and lightweight leather. It features an advanced automatic lubrication system and oil volume control to ensure pristine results without fabric staining. Designed for reliability and ease of maintenance, this machine utilizes standardized parts, making it an ideal, cost-effective solution for garment, cap, and footwear manufacturers.

Key Features

Performance Highlights

Low Noise Operation, High Endurability, Automatic Lubrication, Standardized Spare Parts

Performance Metrics

Operating Speed

5500 s.p.m

Max Speed (AG6150)

4000 s.p.m

Max Speed (AG6150L/H)

3500 s.p.m

Max Speed (AG6150HU)

Technical Data

Model Specifications

Model	Max Stitch Length	Presser Foot Lift	Needle Type
AG6150	5	5.5-13 mm	DBX1 918
AG6150L	4	4.9 mm	DBX1 911
AG6150H	5	5.5-13 mm	DBX5 19-23
AG6150HU	5	5.5-13 mm	Dbx5 2226

Physical Specifications

Dimensions and Weight

600 x 230 x 550 mm | Weight: 29.5 kg (net) / 36.5 kg (gross)

Application

Suitable Industries

- Garment manufacturing
- Cap manufacturing
- Shoe manufacturing
