

High-Velocity Industrial Floor Fan

This high-velocity floor fan is designed for industrial and home use. Its durable construction ensures long-lasting performance, while the adjustable tilt allows for precise airflow direction.

Product Overview

High-Velocity Industrial Floor Fan

This high-velocity floor fan is engineered for demanding industrial and residential environments, offering robust airflow performance. Constructed with a durable metal frame, it is built to withstand rigorous use in workshops, garages, and large open spaces. Featuring adjustable tilt and multi-speed control, this unit provides versatile cooling and ventilation solutions for professional settings.

Performance

Speed Settings	3 levels
Airflow Direction	Yes

Design & Build

Frame Material	Metal
Control Interface	Rotary Dial

Applications

Suitable Environments	Workshops, Garages, Industrial Facilities, Large Living Spaces
