Product Overview

Professional Hole Saw Versatility

This comprehensive hole saw set is engineered for creating precise, large-diameter circular cuts across a variety of demanding materials. Featuring a diverse range of cutting technologies including Bi-metal, TCT, and Diamond Grit, this set provides the flexibility needed for both general construction and specialized masonry tasks. The inclusion of pilot drill bits ensures accurate hole placement, making this an essential tool for creating clean, professional-grade openings.

Technical Specifications

Available Sizes

- 2 11/16 inch
- 68 mm

Key Features

Pilot Drill Bit Included • Annular Design • Secure Shank Attachment • Segmented Diamond Rim

Cutting Technologies

Bi-metal, TCT, Diamond Grit

Usage & Applications

Compatible Materials

- Wood
- Metal
- Plastic
- Tile
- Masonry
