

Hollow Punch Set - 6 Piece

This six-piece hollow punch set makes clean, precise holes in soft materials. Each punch is made from heat-treated carbon steel and features a precision-ground flute and cutting edge, plus a non-slip knurled handle.

Product Overview

Professional Hollow Punch Set

This 6-piece hollow punch set is designed for creating clean, precise holes in various materials including leather, rubber, plastic, and gaskets. Constructed from hardened steel, these tools offer durability and long-lasting performance for both professional and industrial applications. The set includes a range of diameters, each featuring a knurled handle for a secure and comfortable grip during use.
