

Home Air Purifier with Digital Display

This air purifier is designed for home use. It features a digital display, timer function, and automatic mode.

Overview

Compact Air Purification Solution

This modern tabletop air purifier is designed to enhance indoor air quality for residential environments. Featuring a robust three-stage filtration system including H13 HEPA technology, it efficiently captures airborne particles and odors. The integrated digital display provides intuitive control over fan speeds, timer functions, and automatic modes to maintain a healthy living space.
