

Hot Dip Galvanized Drop Forged Wire Rope Clip

This drop forged wire rope clip is European type and hot dip galvanized (H.D.G). It is used for securing wire ropes and cables, providing a strong and reliable connection.

Product Overview

Professional Grade Wire Rope Fastening

This European-type drop forged wire rope clip is engineered for high-strength, reliable connections in demanding environments. Featuring a hot dip galvanized (H.D.G) finish, it provides superior corrosion resistance for long-term durability. It is an essential component for securing wire ropes and cables across a wide range of industrial and construction applications.
