

# Household Ventilation Exhaust Fan

This electrical exhaust fan is designed for household ventilation. It features a backdraft damper to prevent air from flowing back into the room when the fan is not in operation.

## Product Overview

### Efficient Household Ventilation

This household ventilation exhaust fan is designed to effectively manage air quality in residential spaces such as kitchens and bathrooms. Featuring a robust five-blade impeller and a durable white-framed housing, it ensures consistent airflow performance. The integrated backdraft damper is a key feature, preventing unwanted air from re-entering the room when the unit is powered off, making it a reliable solution for maintaining a comfortable home environment.

## Design & Construction

Mounting Type	Window or Wall Mount
Blade Design	5-Blade Impeller
Frame Color	White

## Key Features

Advanced Features	Backdraft Damper, Household Ventilation, Easy Installation
-------------------	--

## Application

### Suitable Environments

- Kitchens
- Bathrooms
- General Residential Ventilation
