Overview

Modular Plastic Conveyor Belt

This modular plastic conveyor belt is engineered for high-performance material handling across diverse industrial environments. Featuring a robust modular construction, it offers exceptional durability, ease of maintenance, and flexible configuration options. The design includes an open area for superior sanitation, making it an ideal solution for food processing and other hygiene-sensitive applications.

Physical Dimensions

Pitch	50.8 mm
Thickness	16 mm
Minimum Width	150.8 mm
Rod Diameter	8 mm

Performance

Maximum Load Capacity

1.2 tons/m²
Max Load

Open Area	23 %
Working Temperature	-40°C to 260°C

Configuration

Available Colors

White • Blue • Gray • Nature • Dark-brown

Compatible Sprocket Sizes

- 7T
- 8T
- 9T
- 10T

Material Options

PP, POM, PE, PA

Features

Key Features

- Flight included
- Maintenance-free design
- Easy to clean
- Food-grade materials available

Certifications

FDA Approved, EU Approved

Applications

Industry Suitability

Sector	Applications
Food Industry	Meat, Poultry, Sea Food, Bakery, Snack Food, Fruit & Vegetables
Non-food Industry	Automotive, Packaging, Printing/Paper, Textile, Can/PET Manufacturing
