Product Overview

Heavy-Duty HVAC Isolation Valve

This heavy-pattern isolation valve is engineered for reliable performance in demanding HVAC&R systems. Designed to provide a secure shut-off mechanism for isolating plumbing or HVAC sections, it combines robust construction with smooth operation. Its durable design makes it suitable for a wide range of fluid and gas applications in residential, commercial, and industrial environments.

Technical Specifications

Valve Pattern

Heavy Pattern • Isolation Valve

Product Code

E00009

Connection Size

15mm x 15mm

Application & Usage

Suitable Environments

Residential, Commercial, Industrial, HVAC&R

Quality & Standards

Manufacturing Highlights

- 20 years of manufacturing expertise
- Green manufacturing processes
- Large-scale production capabilities
- Guaranteed quality and cost efficiency
