Product Overview

Reliable HVAC Flow Control

These HVAC stop valves are precision-engineered to provide reliable fluid flow control in demanding commercial and industrial refrigeration and air conditioning systems. Featuring robust construction, they ensure a tight shutoff to prevent leaks and optimize system efficiency. With easy installation and maintenance, these valves are an essential component for HVAC&R professionals.

Technical Specifications

Available Sizes

- 1/2 inch x 1/2 inch
- 3/4 inch x 3/4 inch

Model Reference

Code	Size
Y00039	1/2" x 1/2"
Y00040	3/4" x 3/4"

Connection Type

CxC (Copper x Copper)

Compliance & Features

Key Features

HVAC&R Compatible, Tight Shutoff, Commercial Grade, Industrial Use
