

HVLP Handheld Paint Sprayer

This HVLP handheld paint sprayer is designed for applying coatings with precision and efficiency. The adjustable nozzle allows for different spray patterns, and the detachable paint container facilitates easy filling and cleaning.

Overview

Professional HVLP Spraying Solution

This high-volume, low-pressure (HVLP) handheld paint sprayer is engineered for efficiency and precision in various coating applications. With a 400W motor and adjustable nozzle options, it delivers a smooth, consistent finish suitable for both DIY projects and professional tasks. The lightweight design and detachable reservoir ensure ease of use and simple maintenance.

Technical Specifications

Input Power	400 W
Rated Voltage	220-240V
Frequency	50/60Hz
Nozzle Diameters	1.8mm, 2.6mm

Performance Metrics

Performance Metrics

800 ml Reservoir Capacity	800 ml/min Max Flow Rate	60 din/sec Max Viscosity
