

Hydraulic Lift Table Cart

This hydraulic lift table cart is designed for lifting and transporting heavy loads with ease. It features a robust construction and a powerful hydraulic system for smooth and reliable operation.

Overview

Reliable Material Handling Solution

The CYT-AE hydraulic lift table cart is engineered for efficient lifting and transportation of heavy loads in industrial environments. Featuring robust construction and a powerful hydraulic system, this cart ensures smooth and reliable operation for demanding tasks. Its compact design combined with significant load capacity makes it an essential tool for streamlining warehouse and workshop logistics.

Performance Metrics

Rated Load Capacity

500 kg

Rated Capacity

Lifting Speed	6 seconds
Lowering Speed	3 seconds

Technical Specifications

Operating Voltage	12 V
Operating Current	160 A
Operating Pressure	25 MPa
Battery Specifications	12V / 80AH

Dimensions

Height Range

Measurement	Value	Unit
Minimum Height	310	mm
Maximum Height	840	mm
