

Indoor Ceiling Fan with Light Kit

This ceiling fan features five cherry wood finish blades and an ornate gold-tone motor housing. It includes a multi-light kit with decorative glass shades and pull chains for easy control of both the fan speed and light operation.

Product Overview

Elegant Indoor Climate Control

This indoor ceiling fan features a classic design with five cherry wood finish blades and an ornate gold-tone motor housing. It serves as a dual-purpose fixture, providing both customized airflow through multiple speed settings and ambient illumination via an integrated multi-light kit. Beyond aesthetics, this fan is designed to enhance energy efficiency, allowing users to reduce air conditioning reliance by creating a cooling wind chill effect.

Energy Efficiency

Energy Saving Potential

P Number	Rated Power (W)	Daily Saving (\$)
1P	1200	2.622
2P	2200	5.182
3P	3100	7.486

Wind Chill Effect

8 °C
Temp Reduction

Design & Features

Usage Environment

Indoor

Blade Finish	Cherry Wood
Number of Blades	5
Motor Housing Finish	Gold-tone
Control Method	Pull Chain, Speed Control, Light Switch
