

Indoor Electric Grill with Non-Stick Surface

This electric grill is designed for indoor use and features a non-stick grilling surface. It includes adjustable temperature control and a removable drip tray.

Product Overview

Versatile Indoor Grilling Solution

The KYS-886A is a high-performance indoor electric grill designed for convenient, countertop cooking. Featuring a durable non-stick surface, it is perfectly suited for preparing meats, vegetables, and seafood with ease. Safety and usability are prioritized through integrated cool-touch handles, a power indicator light, and a removable drip tray that simplifies the cleaning process.
