

# Induction Heating Rice Cooker

This IH (Induction Heating) intelligent rice cooker utilizes advanced technology to ensure perfectly cooked rice every time. Its features include multiple cooking programs for various types of rice and grains, a digital display for precise timer settings, and a keep-warm function to maintain optimal serving temperature.

## Product Overview

### Professional Induction Heating Rice Cooker

This advanced induction heating rice cooker is designed for consistent, high-quality performance in professional or home kitchen environments. Utilizing powerful 1200W IH technology, it ensures rapid and even heat distribution for perfectly cooked rice and grains. The unit features a user-friendly touch panel, a 24-hour preset timer for flexible scheduling, and a durable thickened composite pot with an easy-to-clean removable stainless steel cover.
