

Industrial Automation Servo Drive

This high-performance servo drive unit is designed for industrial automation applications. The robust drive offers precise motor control, advanced communication interfaces, and comprehensive diagnostic capabilities.

Overview

Industrial Automation Servo Drive

This high-performance servo drive unit is engineered for demanding industrial automation applications, offering precise motor control and advanced diagnostic capabilities. Designed for reliability and accuracy, it features integrated safety functions and configurable I/O to support complex motion control tasks. It is an ideal solution for robotics, packaging machinery, and various automated manufacturing systems.

Compatible Component Brands

Servo Drive Brands	B&R, ABB, Acopos, AKD, Moog, Panasonic, Parker, Rutex, Rockwell, Rexroth, Omron, Indramat, KEB, Lenze, Medha, Mitsubishi, Samsung, Schneider, Kollmorgen, IRT, Delta, Elmo, Emerson, Estun, Fanuc, Baldor, Allen Bradley, Beckhoff, Baumuller, AMK, Fuji, Tecu, Siemens
Servo Motor Brands	Parker, Inovance, Baldor, KEB, Elau, Tecu, AKM, Sem, Parvex, Allen Bradley, Vickers, Kollmorgen, Danaher, Teknic, Panasonic, Mitsubishi, Siemens, Omron, Yaskawa, Sanyo Denki, Fanuc, Yamaha, Tamagawa, Shinko, Hitachi, Nikki Denso, Bosch, Lenze, Bautz, Baumuller, Samson, Berger Lahr, ABB, Maxon, Mavilor, Towerpro, Estun, Consew, MCG, Futaba, Gettys, Glentek, Indramat, Delta, Pacific Scientific, Honeywell
Servo Valve Brands	HR Textron, EMG, Bosch, Moog, Rexroth, Parker, Abex, Atchley, MTS, Schneider, Honeywell, Danfoss, Komatsu, Atos, Yuken, Star, Vickers, Daikin, Burker
Servo Amplifier Brands	Sanyo Denki, Moog, Mitsubishi, Haas, Fanuc, Fuji, Parker, Panasonic, Tecu, Rexroth, Siemens, Sanmotion, Koyo, Atos, Omron, Fujitsu, Yuken, Keyence
Servo Cable Brands	LAPP, Mitsubishi, IGUS, SKT, Siemens, Schneider, Panasonic, ST, Yaskawa, Omron, Fuji, Echu, LSD, Fanuc, ML, QX, HX, SK
