

Industrial Electric Fan

This heavy-duty industrial electric fan is designed for robust air circulation in demanding environments. The fan features a durable metal frame, a high-performance motor, and an adjustable mounting bracket for versatile positioning.

Product Overview

Heavy-Duty Air Circulation

The FB-75 is a heavy-duty industrial electric fan engineered for robust air circulation in demanding environments. Featuring a durable metal frame and a high-performance motor, this unit delivers powerful airflow for effective cooling and ventilation. It is an ideal solution for factories, warehouses, workshops, and other industrial settings where reliable air movement is essential.

Key Features

Safety & Design	Protective Wire Cage, Durable Metal Frame, Adjustable Mounting
Installation Versatility	Adjustable mounting bracket allows for versatile positioning on walls or other surfaces.

Performance

Recommended Use Cases

- Factories
- Warehouses
- Workshops
- Industrial Settings
