

Industrial Impact Protection Gloves

These industrial impact protection gloves are designed for superior hand protection in demanding environments. They safeguard against forceful blows and crushing hazards while providing a comfortable fit.

Product Overview

Industrial Impact Protection Gloves

These industrial impact protection gloves are engineered for high-risk environments, combining heavy-duty durability with essential dexterity. Featuring molded knuckle impact protection and a synthetic leather palm with PVC dots, they provide superior grip and safety against crushing hazards. The construction incorporates cut and heat-resistant aramid thread, ensuring long-lasting performance and reliability in demanding industrial applications.

Material Composition

Palm Material	Synthetic Leather with PVC Dots
Back Material	High Visibility Poly/Spandex
Stitching Thread	Cut and Heat Resistant Aramid Thread

Design & Features

Impact Protection	Molded Knuckle Protection
Cuff Construction	Laminated Neoprene Nylon and Polyester

Maintenance

Storage Instructions

- Store in a cool, dark place
- Keep in original packaging
