

Industrial LED High Bay Light

This high bay LED light is designed for industrial and commercial applications. It features a robust heat sink for efficient thermal management, ensuring long lifespan and consistent performance.

Product Overview

Industrial-Grade Illumination

This industrial LED high bay light is engineered for demanding commercial and warehouse environments, providing reliable and uniform illumination. Equipped with high-quality Bridgelux LEDs and an isolated driver, it ensures consistent performance and longevity. Designed for versatility, it supports a wide voltage range and features robust surge protection, making it an ideal energy-efficient solution for large indoor spaces.

Technical Specifications

LED Chip Type	Bridgelux 3030
Color Temperature	3000K, 4000K, 6000K
CRI Rating	78

Electrical Performance

Surge Protection

6 kV
Surge Rating

Input Voltage Range	100-350V
Power Factor	e0.95

Durability & Safety

IP Rating
IP65

Driver Type	Isolated
