

Industrial Ventilation Fan with Metal Cage

This industrial ventilation fan provides robust air circulation for commercial and industrial environments. It features a durable metal cage enclosure for enhanced safety and longevity.

Product Overview

Industrial Ventilation Solution

This industrial-grade electrical fan is engineered for robust ventilation in demanding commercial and industrial environments. It features a durable metal cage enclosure for enhanced safety and long-term reliability. Equipped with three high-performance blades, it is optimized for efficient, high-volume air circulation.

Design & Construction

Number of Blades	3
Blade Color	Black
Materials	Metal Cage, Durable Construction

Installation & Mounting

Mounting Style	Wall-mountable bracket
Support Pole Color	Dark Green

Application

Ideal Settings

- Industrial facilities
- Commercial spaces
- High-volume air circulation areas
