

Infrared Bathroom Heater with Dual Lamps

This bathroom heater features two infrared heat lamps for rapid and efficient heating. Designed for ceiling or wall mounting, it provides instant warmth and comfort.

Overview

Efficient Bathroom Climate Control

This infrared bathroom heater is a multifunctional unit designed to provide instant warmth, lighting, and ventilation in a single ceiling-mounted package. Featuring two high-efficiency infrared lamps, it is engineered to heat spaces up to 10 square meters rapidly and effectively. With its clean white finish and integrated ventilation system, this unit is an ideal solution for maintaining comfort in residential or commercial bathroom environments.
