Product Overview

Inline Blade Fuse Holder

This inline blade fuse holder is designed for reliable circuit protection in automotive and low-voltage electrical applications. Featuring a durable housing with a hinged cover, it ensures easy access for fuse replacement while protecting against environmental factors. The unit is engineered to support 12V and 24V systems, making it a versatile component for various electrical installations.

Technical Specifications

Model Number	XR-705
Temperature Rating	105 °C
Wire Compatibility	10-12 AWG
Voltage Compatibility	12V, 24V

Logistics & Ordering

Payment Terms

- T/T
- L/C at sight

Port of Loading

- Shunde
- Guangzhou
- Shenzhen

Minimum Order Quantity	1000 piece(s)
