

Ionic Hair Dryer with Cool Shot

These hair dryers feature ionic technology and offer selectable power options. They include overheating protection, a cool shot button, and multiple speed and heat settings.

Overview

Professional Ionic Hair Dryer

This ionic hair dryer is designed for versatile styling, featuring advanced automatic ionic technology to reduce frizz and enhance shine. Equipped with a long-life DC motor, it offers reliable performance with dual-voltage options to suit different international markets. The ergonomic design includes non-slip elements, a cool shot button, and multiple heat and speed settings for professional-grade results.
