

Ionic Hair Dryer with Overheat Protection

This hair dryer offers ionic functionality for enhanced hair care. It features selectable power options, automatic ionic technology, and overheating protection for safety.

Product Overview

Professional Ionic Hair Dryer

This high-performance hair dryer is designed for professional care, featuring advanced automatic ionic technology to reduce frizz and enhance hair health. It includes essential safety measures like overheating protection and versatile settings, including two speeds and two heat levels, along with a cool shot button for setting styles. The ergonomic design incorporates non-slip elements and a convenient hang-up loop, making it a practical choice for both salon and home use.
