

IP67 Long Position Red LED 3-Position Push Button Switch

This push button switch has a red LED indicator and three positions. Its IP67 rating ensures protection against dust and water.

Product Overview

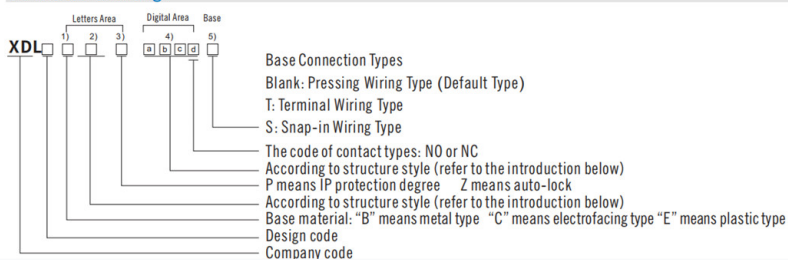

Versatile 3-Position Industrial Switch

This robust 3-position push button switch is engineered for high-performance industrial control circuits, supporting AC voltages up to 660V and DC voltages below 400V. Featuring an integrated red LED for clear status indication and a rugged build using zinc alloy and anti-flame materials, it ensures operational stability in demanding environments. With an IP67 rating and compliance with international safety standards like IEC60947-5-1, this switch provides superior protection against dust and water ingress for long-term reliability.

Technical Specifications

Model and Meanings

Ingress Protection Rating

IP40 • IP54 • IP65 • IP66 • IP67 • IP68

Rated Insulation Voltage (Ui)

660 V

Thermal Current (Ith)

10 A

Ambient Operating Temperature

-5°C to +55°C

Storage Temperature

-25°C to +70°C

Compliance & Quality

Conforming Standards

- IEC60947-5-1
- GB/T14048.1
- GB14048.5

Certifications

CE, ISO 9001, RoHS, UL

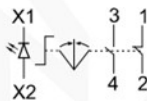

Mechanical Data

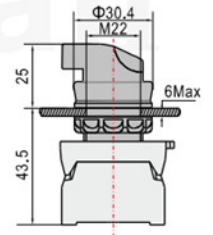

XDL22-CKJ5465

Illuminated
Selector switch
3-position
Spring return
Long handle
with integral LED
IP65

N/O+N/C
220~240V

- White XDL22-CKJ5165
- Green XDL22-CKJ5365
- Blue XDL22-CKJ5665
- Yellow XDL22-CKJ5565
- Red XDL22-CKJ5465

Mounting Hole Diameter

30.4 mm

Fastening Torque

0.8Nm (Max: 1.2Nm)
